Preface by Author

There are definite immutable *Laws of Nature* throughout creation. Once you understand and utilize the 'magic' power of these Laws--those around you who see the daily miracles you perform so effortlessly and effectively will feel and think you live in a wonderful *world of magic*.

They are right. When you know the real divine inner "I Am" goddess or god being... who you really are--and what you decisively want to manifest within and around you--there is **nothing** you cannot **be, do** or **have....**

You can humbly say you are no more special or no more 'magical' than he or she that holds you up so high in a well-deserved--but highly glamorous--light. You can tell them there was a time in your life when you were blown about by seemingly every ill wind that blew around you. It was only after you learned that there really are no accidents in life or nature that you made the decision to find out how to deliberately co-create the kind of world you really wanted to live in....Then the magic began. Tell them you now understand the simple Lawful steps you needed to take to bring on the daily miracles they see...and it will be your joy and great delight to share the understanding of these simple *Eleven Magical Steps* with them.

You have learned to understand--and to love--the *Law*.

What you *hold* to yourself you lose, while what you *give* freely to yourself--and to others--you gain. As you give and give and give you receive and receive and receive. Your life and your personal world is

joyful--and magical--because you understand,
acknowledge and give the magic and joy of what and
who you really are...to yourself and to others so freely

Through your new understanding of the *Law*, you
now **do** what you want to do, you are who you want to
be, and you *have* what you want to **have**. A *Law-fully*
lived life is a really good life! Thank *God!*

Hold that uplifting thought and feeling and
now make-haste-slowly to take these simple potent--
yet so very powerful--*Eleven Magic Steps* with me.

Most of all. Have fun!

Chapter 1

There is Nothing You Cannot Be, Do or Have

This is a phrase you will find stated again and again throughout most of my books. *There is nothing you cannot be, do or have.* You only need to ASK-- and through the sacred heritage of who and what you are, your every request is granted at the moment it is made....

To all appearances few--if any--of your desires seem granted within minutes or hours. Yet at the creative non-physical level--the source where all that ever becomes physical must arise out of--*God Creator Source* never fails to give you what you ask for *instantly*.

Thankfully there is this 'magical' buffer we call time that allows us to re-think or change so many of the things we would later regret asking for. Otherwise, literally your "thoughts could kill" and that would be fatal to loved one, friends or strangers who walk through your days on Earth with you. Your wish that someone would "drop dead" just because they may have slighted you--or offended your ego--would have instant tragic or deadly 3-D consequences.

Instant manifestations are possible to those who understand and work with the Law, as the Master *Jesus, or Buddha, Mohammad, Krishna, or other known and unknown Masters of Wisdom* have done...and do. In time, you will have earned that same holy or sacred privilege.....

For now, until you and I--and our beloved sentient Earthly human sisters and brothers--have learned to

understand and foresee the effects of any instant manifestations, time acts as a protective shield around ourselves and those who would be directly affected by what we have asked for and receive instantly....

Give thanks that many of the positive--and negative--thoughts and feelings you have expressed against yourself or others are being withheld in abeyance until you are ready to receive them or to hold them in neutrality by a wise "Mother Time" or "Father Time."

With this brief exploration into the *Hall of Time*--which will be amplified as we move forward step-by-step together--let's start off on our first well proven *magical step* to manifest your own sweet personal dreams of success.

Chapter 2

Magic Step One

MAGIC STEP ONE: *Self-Image!* You must start with a *good self-image*: Ask yourself how much love, health, wealth, creative talent, etc. you are able to *accept*? The honest answer to this question establishes whether any of the following steps can yet be taken.

Be true to yourself.

Make sure that this base--very first foundational step--provides you with all the sure footing that is necessary for you to take the easy remaining steps that follow. You want your future to be based on hard rock certainty and not on the shifting sands of a what otherwise could be a quick end to your deepest desires....

Though each and all of the *Eleven Magic Steps* are uniquely important in their own right and principle, without accepting and holding a good self-image it is impossible to achieve and to hold any vestige of success for any height, width, depth or length of time.

Do what you need to do *to understand* that you are NOT your body, you are NOT your mind, you are NOT your ego, or your feelings. Having thoughts and feelings is like having eggs, toast and juice for breakfast, no more, no less. You are NOT the eggs or toast you eat, or the juice you drink, either. Nor are you your mind. You can feed your mind with thoughts and freeze your body with fear, or lift your feelings to a high heaven of joy, but all of these thoughts and feelings *are not you?*

Okay, then...what is this being you know or think about as "I Am?" That *who* or *what* you are?. As soon as you have the breakthrough of understanding that *God Creator Source* created you as a perfect holographic image of *God Creator Source* you will gain a new, well-deserved high respect of your sacred *Daughter of God--or Son of God--"I Am" identity*.

Who are you? You are a perfect extension or expansion of *God Creator Source*. This is why you are immortal. and can co-create endlessly. You are eternally in a state of *Oneness* with *God Creator Source*. There is no way you can be lesser than that! You are a genuine *Daughter of God* or a genuine *Son of God*. It is why a ever loving *God Creator Source* gives you endlessly whatever you ask for...and *instantly*.

Hold fast to that image and that thought!

Doesn't that feel good? Do you really want to believe any false doctrine created--many centuries ago--to control and enslave you... that declares you are a worthless "sinner" lower than any worm in the Earth? The Master Jesus, Buddha, Mohammad or Krishna never said that. Jesus said clearly, "*Know you not that you are gods?*"

Remember, *a slave who thinks for himself, or who knows his true worth can no longer be held a slave!* That old "programming" is now seen for what it was and is, a tool to have full control over unthinking, unquestioning masses on Earth.

For endless centuries almost all of us "bought into" that negative programming. We were literally born into it. No wonder most of us have never understood and

appreciated our own immense, grand *self value*, our priceless sacred self-worth!

This is your starting point. This is *Magic Step One*. Know who and what you are and that you are an equal co-creator on Earth with any other human sister or brother...and there is nothing you cannot be, do or have....

After you have read this book through entirely, return to this chapter and carefully understand and follow these ELEVEN MAGIC STEPS to the pot of gold at the end of *your rainbow*. Your dreams and your successes are important to you. This is why I assume you are reading this book.

If so allow no others to sway you from taking your destiny into *your own hands*. You have as much right to the infinite ABUNDANCE of life as anyone else in the world.

Chapter 3

Magic Step Two

MAGIC STEP TWO: *Desire-Power. You must desire success in a specific area so much that you can taste it.* This means if you make a list of the things you want most in life you must know what stands *foremost*; at the *very supreme top* of your list!

It was this *Magic Step Two* that catapulted me out of a long time state of abject homeless poverty to owning a home of my own in 6 months. When my friend Jerry Hicks asked me what it was *that I wanted so much I could taste it*, I immediately grabbed the pen and pad from his hand and wrote down that I wanted a home of my own in 6 months...at the *top of the list*.

Six months later *that--and* desires number two and three, that I wrote down on that pad, relative to this first desire--were also my manifest 3-D reality *within* a few months later.

All three desires--at the top of my list--were cross-fired by a consciously realized mighty strong desire-power. It is why they came true so fast. It is why your deep desires-- empowered with immense desire-power--will manifest for you so quickly, or surely, as well.

So be it.

THE SECRET SCIENCE OF WHITE MAGIC

"... An even greater paradox: Both white magician and black magician use the exact same laws of nature to accomplish their objectives...but only up to a certain point. The reason is simple enough. Pure energy can be used for good or bad. It contains no black or white qualities within itself.... The time finally arrives when the white magician forges ahead--transcending 3-D laws, gaining wisdom and power--while the black magician is damned by his own nature to remain confined within the lower threefold spectrum of earthly existence. The white magician gains deep insight and mastery over the intuitive plane. Her or his power now becomes profoundly greater than the black magician's. The black sorcerer has severed himself from his soul and has no means whereby he can tap energy higher than the lower mental plane. He remains limited to life and substance at *physical, emotional* and *lower mental* levels. These three planes of consciousness act literally as a confining barrier to the black magician. He must remain within this reduced spectrum of reference until *the form* of which he is a part--in this case our planet Earth--Ascends or disintegrates. At that time he is reduced back to primal *nothingness*... lost in the dark night of time...."

Chapter 4

Magic Step Three

MAGIC STEP THREE: *Write It Down!* Make your thought **concrete**. This is the crucial step, for now your thought-form begins its first downward step into material reality. Here is where many individuals fail. This physical act or *motion* galvanizes the creative process into your own *time-space* manifestation.

Do not just take my word for it. Just do it. Action breeds action. It is the Law. The moment you take the very obvious, very physical action of putting your desire down in writing you ground--or anchor--your valued desire securely upon Earth. So do it *now*.

My various books are loaded with stories of people I know who failed to take this powerful invocation step initially. Yet, when they questioned why their dream had not yet come true, I reminded them they needed to "put it in writing"...Yes, all of them--that I knew about--soon manifested what they wrote *they so deeply desired*.

You can do it too. Write it down.

Chapter 5

Magic Step Four

MAGIC STEP FOUR: *Give It Time.* When will it be? Here of course is where your *faith*--that key essential ingredient for any manifestation of reality--comes into play. The time element is something only you can determine. Someone else might have faith that their dream will be a reality in three months while you may feel it absolutely necessary to project a whole year ahead, or you may feel that only a week is needed to make your desire come true.

Only *Adepts* or *Masters* can have continual *instant* manifestations at will. Read *how* they do it in my eBook, "*The Secret Science of White Magic.*"

For now please understand that your belief--or faith factor--must be equal to the time factor you foresee when your desire is physically manifest. Think it through, do you think I could have--or would have--manifested a home of my own if I had chosen or written down "in 3 months time?"

No way! I simply would NOT have believed it and my dream would never have been backed up by any inspiration or confident action.

Is that clearly understood?

If you need 5 years, choose 5 years. If you really believe you can do it in a week, choose a week. Different strokes for different folks is an old adage that fits so perfectly here.

Be wise about this. Choose and aim for manifestation of what you want--so much you can

taste it--within a *time frame* your conscious mind will accept.

So be it.

THE SECRET DOCTRINE OF THE ANCIENT MYSTERIES

"... Where have the secret doctrines of the Ancient MYSTERIES come from? Who formulated them, into this immutable, unchangeable set of laws governing every aspect of life in form? Countless human souls gave their entire lifetimes to a constant quest after truth! These persistent seekers became Adepts and Masters of Wisdom...as they relentlessly pursued, found, and utilized truth. These now consciously sacred Holy Men and Holy Women pioneered the *Science of Life* eons ago.

"... The ancient doctrines comprising the long held secret MYSTERIES were formulated far back in the distant night of time, long, long before our tiny planet Earth came into existence. The knowledge about these immovable laws of life and nature were handed up by spoken word from generation to generation-- from planet to planet, from sun to sun--until all the Sons of the Suns of the Suns in the heavens--and sentient humanoids upon the countless planetary bodies like our earth--are today able to discover **the secret**...or He or She--in their midst--who *hold the keys to the Kingdom*....

It's a very interesting time.

Chapter 6

Magic Step Five

MAGIC STEP FIVE: *Bless It!*

Bless your dream or vision. You must be willing to accept personal--or group success--*only if what you desire will be a blessing to everyone involved...*as it becomes a reality *in your life*. Really now, would you want your input in your co-creative drama of life on Earth to bring agony and suffering to others? Of course not! A conscious act of and a continual attitude of blessing all others--and all things--is a most important ingredient in your personal life formula for ongoing success.

Being grateful for what you already have--and newly receive--keeps firing you up with a passion and joy of life like nothing else does. Bless each and everyone you meet in each day of your life and those blessings you give so freely will abound in and about you at all times.

Blessing yourself and others--as well as events or what you see in nature around you--is a magical way of life. Resolve this day to personally BE a genuine, ongoing blessing to each and all you meet from this day forth...and watch the blessed miracles appear around you. You can do it, I know.

Bless your soul. Bless your heart. Bless your mind...and bless your resolve to be a daily blessing to all other life forms upon our blessed Earth!

Chapter 7

Magic Step Six

MAGIC STEP SIX: *Visualize It. Spend five minutes daily seeing and feeling your desire as a future reality now.* Your ability to envision yourself successful in whatever areas that you desire will grow with daily practice. This technique puts you in touch with all the elements and forces of nature that will aid you to make your dreams come true.

3-D manifestation is always a three-fold process. You ASK, God Gives, and you work your way through the time buffer zone through inspired visualization, followed by inspired action....

Can you imagine an orange? Hold the image of it in your mind for a few moments. Okay, you did it! Can you imagine a tomato? Hold that image for a while. You did it!

See, you do know how to see and hold an image. Do not allow lower mind or ego to claim you do not possess the power to image your future.

Now simply do the same kind of imagining relative to your desire you want so much you can taste it.

If it is for more money see yourself on a vacation in Hawaii and walking up to a loved one, opening your purse--or wallet--peeling off a handful of hundred dollar bills--and hearing yourself say, *"We are rich, my dear. Here's an extra five hundred dollars to play around with today."*

Or if you want a soul mate--so much you can taste it--envision this beautiful human being looking into your eyes with the eyes of love." Hear yourself say "*I am so happy you have finally come into my life.*"

Create whatever imaginative visions or dialogues you wish. The Universe does not judge what you imagine as non-physical. It treats whatever you envision with as much due respect as any physical object or being in your life.

Your imagination is yours to use. Use your imagination and visualize what feels good to you....

Chapter 8

Magic Step Seven

MAGIC STEP SEVEN: *Cut The Cord.*

Stop thinking about your desire after your five minutes of meditating or contemplating it is over. So many formulas for success fail to take this vital severance ingredient into account. Just as the birth cord is cut--between mother and child--so you and I must cut loose our powerful thought-form to allow the birth and free growth of our glorious new creation.

Your desire needs to come alive in its own right. Failing to do this step is to invite disaster to your goal of success. Thought follows energy and we can easily be obsessed--or possessed by our desire--if we do not **let it go!**

For some folks *letting go*...is one of the most difficult concepts to understand and to practice. Here is where your abiding trust in *God Creator Source* must shine through.

Here is where a major "course correction" toward your goal occurs. Here is where *nature* steps in.

Let nature do it.

FINDING YOUR SOULMATE

"... **In this *end times* age** the conscious urge of soul-mates to yearn and search ceaselessly for their beloved counterparts grows daily. Memories from the ancient past return to hold their enticing image before us. Somewhere in the distant night of time, one special someone meant more to our soul than any other. This wondrous remembrance lifts our hearts and turns our minds' gaze toward this one brilliant star rising in the future heavens. Where, oh where, is our soul-mate!"

"...When you find that particular ideal who meets the high standards of your own soul, then you will find and know your own soul-mate. The two are one. Every soul-mate who comes into our life is there because he or she has responded to the timely invocation of our own soul. When we ask with firm conviction and unswerving faith, then we shall be given our desire. It is an occult law, that every invocation must be met by an evocation. Every time we lift our earthly matters up, we bring our spiritual substance into worldly being. The God within us becomes a living reality outside of us. Your ideal does exist! May he or she unfold rapidly within your present field of awareness ..."

Chapter 9

Magic Step Eight

MAGIC STEP EIGHT: *Let Nature Do It*. There is no need for you and I to try to figure out *how* will work out to make it be so?

Nature--in its own wisdom and infinite abundance--can make our wildest, most seemingly impossible dreams come true, and often so effortlessly. Nature knows how to bring forth a magical flow. Miracles will be soon seen and known.

Your focus on *how* it will come about, simply jams up the works. You might imagine a few ways of how your dream can come true, while the Universe--working with the *Law of Attraction* in and through all nature around you--knows uncountable ways of getting the job done at the exact right moment. Remember, *there are no accidents in nature*.

Let your inner faith, combined with "good works"--visualization and inspired decisive action--produce the speeded up and perfect *end results* you desire.

How Nature Works

Perhaps one of the finest ways to describe "how" *Nature* works is presented by *God Creator Source* directly here now in one of the daily "*Heavenletters*"--daily communications that *God Creator's* steadfast scribe--*Gloria Wendroff*--has received *one of every day* for the now past well over 2,381 + days...

HEAVEN #2375 A Golden Waterfall, 27 May 2007

God said:

Opportunity is on your right, and opportunity is on your left. You are surrounded by opportunity. You may have to see opportunity several times before it dawns on you what you have seen. Opportunity is often a tiny bud, and you have to be wide-eyed to see it. Be observant. Look for opportunity in every nook and cranny. Look for a different vantage, and your eyes will see what they have missed before. It was always there, only you didn't see it. It was right in front of you, and you walked right past it.

It is not true that opportunity knocks only once. Opportunity knocks all the time. It's just that you have to go to the door. You have to open it, and say, "Welcome. Come right in."

Sometimes opportunity is dressed differently from the way you thought it would be. It wasn't in disguise. Rather, your expectation was too limited. Sometimes opportunity comes to the back door, and you may think its' too much trouble to get up. You won't even hear it knocking until your mind is open, not closed. You may have thought there was a draft at the door when it was opportunity trying to catch your attention.

Sometimes something occurs that you see as a downfall. You may feel you have lost something when, in actuality, you are being presented with an opportunity royale. If you lost your job, you feel this as a blow when really it is more likely a snow plow clearing the way for you. When you see a snow plow, you don't see it as a loss. Why do you see what clears the way for you as loss?

Pay attention to all the signs that life presents you with. Beloveds, everything that is presented to you is an opportunity. You are always presented with the opportunity to grow. You are always being presented with the opportunity to see in new light. You are always being presented with the opportunity to see from a new vantage. First, improve your vision, and then your life will change dramatically.

Do not weigh every decision. Decisions cannot always be made on the basis of logic. Logic doesn't know enough. Or you ask the wrong question of it.

Remember when I told you that you were to watch for opportunities to give? If a piece of paper appears on the floor, it's for you to pick up. Opportunity is just like that. It can be little. It doesn't have to be big. It doesn't have to be perfect. It's there, all right, it's just that you have to see it. Opportunity is always there. Opportunity wants you to see it. It is there for you.

Beloveds, what opportunity do you want to see?

At the same time as opportunities like to surprise you, they also like to be sought after. Opportunities are often like apples on a tree. You have to reach up and pluck them.

Or opportunities are like stars in the firmament, and you have to look up at them and choose which one you want to alight in your palm like a butterfly. Or choose many! Let them spin around in your hand like diamonds. Ah, that's it, beloveds. Mine for diamonds. You are not mining for discouragement. You are not mining for gravel nor for dust that will sift away. Diamonds have light you can see through. Opportunity does not have to present itself as solid gold.

Let your opportunities be like molten gold. Let opportunity flow like a golden waterfall that you slide down joyously.

NOTE: The beautiful metaphors expressed through *Gloria Wendroff* certainly express clearly how all Universal Laws, including the powerful, ever-present *Law of Attraction* works.

I repeat from another *booklet* of mine, "*The Law of Attraction is like an ultra, all-knowing personal banker that knows exactly what you have deposited into your own unique bank account of life. The Law of Attraction stands ready--at any instant--to give you exactly what you ASK to be drawn from your limitless reservoir being held securely in your life bank. Now let's seek to understand more clearly when you receive what you withdraw from the infinite resources you have stored "in escrow" in your personal life bank.*"

Chapter 10

Magic Step Nine

MAGIC STEP NINE: *Build Your Faith.*

Use all of the faith-building techniques available to you to make your dreams come true. Use *dream suggestion, self-suggestion* and whatever else stimulates or pushes *your I am excited "button."* Work *internally* to make your *outer* dream come true.

There are so many people on Earth today who have done so many seemingly impossible things across all walks of life. How did they do what they did? How was it possible for meek and humble *Gandhi* to free the whole nation of India through peaceful passive resistance?

You can be assured that Gandhi was filled with a faith that was un-stop-able.

How does a *Nikola Tesla* or a *Walter Russell* open the doors of other dimensions or planes of reality to bring forth extraordinary inventions or insights into *Laws of Creation* that uplift and enlighten an entire planet?

How does an *Oprah Winfrey*-or any former unknown human figure--spring into international fame and admiration worldwide in a few short decades?

All of the above had an invincible faith in their ability to achieve their goals....You can do the same.

Read all of the "success" stories you can read, view all of the videos or movies--like "*The Secret*"--*that will* lead you to a further and deeper

understanding of the vital role that your faith holds in making your dreams come true.

Of course, I prompt you to include all of my own self-help books, as well.

I do what I love and I love what I do.... When you read my *autobiography* you will understand why & how my **death experience**--at age 18--opened my eyes and filled my body and being with **a passion for life** that has never subsided.

Chapter 11

Magic Step Ten

MAGIC STEP TEN: *Be Intense!*

The key to all phenomenal appearances is intensity. Only a truly strong electric current can *ground* your desire. A weak thought or a weak feeling will not do it. Intense feelings and clear vivid images will speed up making your new vision a reality. Give your so tasteful and worthwhile new dream all the energy you can gather and muster!

Here is a thought to ponder. How important is your "want" power?

It may surprise you to discover that Intensity or want is even more powerful than belief or faith. Yet, it is so. If this shocks you, think again....

The perfect example--of the mighty power of want--or sheer intensity is aptly revealed in the following true story. This story is oft repeated. It is about a petite mother who is alone and sees her child thrown out of her car with the whole weight of the car resting on the body of her--now seeming lifeless--child.

The intensity of her want --to save the life of her child--is so strong that it bypasses any belief that she cannot do it. Astoundingly she leaps into action and lifts this massive car--weighing well over a ton--off her child...so that her child is now free.

The astonished drivers who stopped to give assistance could not believe their eyes. However, her "impossible" feat not only demonstrated mother love,

it shows so clearly how the **power of want** is greater than a life-long strong belief she would be unable to lift the entire weight of a car off of her child. The thought or belief would have been totally impossible. She would not have held a faith that she could do such an astounding feat.

She did it because her want exceeded her belief. She surpassed with ease her quality-- and quantity--of personal faith...in being able to do it.

Can I say it strongly enough? *Your* power is awesome.

Be intense!

Chapter 12

Magic Step Eleven

MAGIC STEP ELEVEN: *Preserve Silence....* Do not tell anyone about your dreams until they are well grounded. Otherwise your loved ones--and friends, or strangers--may destroy your fragile faith by their innocent negativity.

Keep your dream to yourself. Hold it together inside of you until the day that your deeply desired dream becomes a physical reality. To reveal your deeply desired vision before it manifests is to openly court failure.

You know the Law. You choose the paths you follow. You create your own reality--in the non-physical or the physical. That is what *free choice* is all about!

Therefore the last magic step--or *commandment toward you own wonderful and certain success--* is...*keep thy mouth shut!*

THE SYNTHESIS FOUNDATION

The Golden Age of space travel, computers and super technology has dawned on Earth. Mankind has collapsed time and space so that instant communication between man and man, group and group, nation and nation has become possible. A growing concern for the individual and group rights of human and our beloved animal species has arrived. If one man suffers unduly, unjustly, the whole world rises up rightly in just anger.

There is a vastly increasing concern for the welfare of all forms of life on this planet. Scientist, philosopher, religious community and common woman or man all know today that constant effort is needed to maintain the delicate ecological balance between mineral, vegetable, animal and human nature. All is well upon earth EXCEPT for the major imbalance that exists between the material and spiritual way of life. Mankind is now relatively a technical and *material giant*, but only an unwise *spiritual midget*. The thoughtless materialism of our past and current dark cabal controllers could easily destroy all earth life.

There is a great and tremendously pressing need for a clear and acceptable definition between living materially or spiritually. This definition must be acceptable to all mankind to be effective.

Such a definition is now hereby advanced by *The Synthesis Foundation*.

A) All levels of human, sub-human and super-human life must also be included in any definition of this plurality. The spiritual or material way must be set upon the background of all planetary fields and

forms of existence. Thus, a spiritual or material way of life will become apparent, whether applied to politics, religion, economics, social structures, science, art, psychology, law, education or any other walk of human life. Only then may such a definition be acceptable to all individuals, groups, nations, creeds and races upon earth. This definition must by its very nature be simply, yet effectively, expressed so the antithesis to it becomes immediately clear.

This kind of definition has now been evolved and applies to all commerce of *The Synthesis Foundation*. We encourage all individuals, groups, nations, creeds, races, partnerships and corporate structures to use this yardstick measured daily in the light of their own internal and external affairs. So be it.

By their fruits

...all on Earth will be known

A DEFINITION OF **SPIRITUAL** =Whatever:

1. **Lifts**
2. **Unites**
3. **Frees**

A DEFINITION OF **MATERIAL** =Whatever:

1. **Lowers**
2. **Separates**
3. **Imprisons**

B) It becomes apparent that this yardstick can be applied to the *actions, words, feelings and thoughts* of any individual, group, nation, creed, race, partnership or corporate structure.

BY OUR FRUITS, all of us are known *when this yardstick is applied!*

The old prophecy that *the secrets* will be shouted from the rooftops makes great sense when this yardstick is applied. Instant publication of our good or bad deeds has already become possible at world levels through our stupendous global communication systems. Now merely a simple act of observation is required to see if any particular entity lifts, unites and frees by its action, words, feelings or thoughts--our species' only four ways to express itself--or whether that entity lowers, separates and imprisons others by its commerce of activities. Thus, good and evil, *light* and dark, are clearly known!

Ignorance allows for the misuse of power to control, thus to imprison others to a way or style of

life, while *knowledge* takes away their power to control unduly and frees that person, group or nation.

C) We urge every entity upon earth to adopt this yardstick and apply it to their own acts of life. The Synthesis Foundation will make a wide dissemination of this definition, for the axiom that the truth will make us free certainly applies. When each one of us knows who or what to support, and who or what not to support, the material way of life will cease to control our political, economic and religious life. *Bless us all.* Let it be so.
