Dedication Page

Dedicated lovingly to each and all of my dear much loved sisters and brothers--who are now very wide awake to the fact they are the new breed of fully committed goddesses and gods--who came here at End Times...to help usher in our so imminent and final *Golden Age* on Earth.

Thanks for being here....

Bless your heart.

Bless us all....

Introduction by Author

You and I are on the very brink of the very most exiting and self-fulfilling times on Earth. More and more of us are awakening to the understanding that we are not our body--or our ego mind...or what we hold as our own thoughts and feelings.

All of these mortal perceptions must and do pass on. Nothing physical remains forever. The body we have formulated through our own unique thoughts and feelings has served us well...but we now know we are not this garment we wear. The real "I Am" self identity we are expressed through our spirit and conscious individual soul awareness is eternal. You and I have learned that we are genuine extensions or fragments of the *One Creator Source of All That Is*.

The precious gift of self-aware life and self-aware free will choice and co-creativity--of whatever dream we wish to dream or manifest--has no end. Your life and my life is forever!

What God Creator Source of our being has given to us...no mere mortal can take away. Yes, indeed. With orders from "God Source on High" we each and all are here to co-create Heaven on Earth....This is a priceless gift and truly an aware state of consciousness worth celebrating greatly!

Let's have fun while we manifest a dream and a joy of life that is exquisitely all--or more than all--of what we could dream could be possible. So now then--*let us begin.*

Chapter 1

Understanding and Utilizing Laws of Creation

If you look around at the life being lived by most others--and this surely includes your own life...all--or most of all--we experience in our daily life seems beyond our own creative control. This is because the Laws of Creation function at all time and in all places and nothing happens in your life--or my life--by seeming accident. The Law makes certain that each and every iota or fragment of dream 3-D substance in your world--or my world--is a perfect reflection of what we have personally co-created.

This means the Law never fails to serve *God Creator...the Whole*, or yourself--or myself--goddess or god co-creator...the *Part*.

There is nothing you cannot be, do or have....

When you and I *understand* and *utilize* the *Law*, *nothing is impossible to us....* However, until we do understand and make daily use of Universal law most of what we experience in our personal world is co-created by default. This means even though our parents--mentors or teachers at any level of our lives--failed to teach us--or to be living examples of an understanding of the Law--the Law never fails to co-create the thoughts and feelings we give our attention to...

In that light...it certainly does behoove each and all of us--to "*above all things gain understanding*"--as admonished so strongly by that adept master teacher, *Jesus* over 2000 years ago.

Let's *do it!*

Chapter 2

The Personal Creative Power You Possess

It is highly important that you understand **who** you are and **what** you are.

Without coming from this understanding perspective you cannot utilize the unlimited power that you hold within you. You hold a vast power that is ready and able--literally--right at your fingertips. If you have not yet stopped circling around and around through the same, repetitive cycles--over and over and over again--without stopping a brief moment to ask yourself the following vital questions, maybe this is the perfect moment to pause and to do it....

Are you ready?

Who am I? What am I? Why am I alive in a human body? Where have I come from? Why am I here embodied in a human form on Earth--instead of on Venus or Mars, or some other planet in this solar system--or born on another planet in another close or far distant solar system? Where is the fun of life? Where is the joy of creativity or self-fulfillment? Where is my self understanding? Where is the knowledge and the power I seek and need to control my body, my thoughts, my feelings...and the environment in which I abide? Why can't I be as successful, as rich, as famous, or as greatly honored and respected by all as so many others I see? Where is the love of my life? What is *All That Is*--that I see and sense--all around and within me?

The answers to each and all of these questions begins with the understanding, the knowledge--and the acceptance--that there is only *One Almighty Creator* that keeps all of its *Creation* in perfect order.

Whether you call This *One Creator* your *God-- Krishna, Jehovah, Allah, Jesus, Buddha, The Holy Spirit--*or any other name--does not matter in the slightest. The Law is: the Lesser cannot alter the Greater. The Source is the Source is the Source. A rose is a rose is a rose.

Regardless of your religious beliefs or personal convictions, the *One Source* is the *One Source*, the *One Source of All That Is*. That includes myself and yourself. You are, by this immutable "Law of One" an extension or expansion of this *One Almighty Source of All That Is*.

Now if you will allow your mind to see and grasp the fact that our One Creator Source--by an act of will--simultaneously divided and multiplied itself into a Trinity.

The ONE SOURCE, gave rise--out of its own Oneness, to a crystal conscious birthing of an Outer Self, an Inner Self, and an ever present presiding Original Over-Source-Self. Thus the (3) Mother, (2) Son/Daughter, and (1) Father...the three primary aspects of The Holy Trinity known by various names in each major religion of the world today....sprang forth into existence.

Whether you know and call this Holy Trinity, Father, Son and Holy Spirit--or whatever name

assigned to this UNDERSTANDING revelation and teaching by any of the founders of the major world religions known today--does not matter.

What you must understand now is that when the One Creator Source gave rise--or birth--to the goddess or god--that is yourself or myself--that exact same process of creation occurred. This means, what all major religions know and have stated, you and I are MADE IN THE IMAGE of our own One Creator Source....

A grasp of hologram principles would help you to further understand this principle. Any fragment broken off from the original hologram holds the entire image contained and held in the original image.

Your starting point is to know that you personally are a sacred "I Am" holy trinity self-extension of the *One Creator Source*, even now as a divinely embodied human *co-creator* on Earth. You are a powerful expression of a trinity of SPIRIT, SOUL and BODY.

Ponder this thought, long and deeply, if necessary. It means you--a goddess or a god--are a direct extension or expansion of the One Creator Source. It means once you have this UNDERSTANDING, you will begin to treat the Sacred Trinity that you are, that comprises your own "Mighty I Am Presence" on Earth... with all of the honor and respect due to Who and What you are....

It is what Plato did, what Leonardo da Vinci did, what Jesus of Nazareth did, what Buddha did, what

Mohammad did, what Krishna did, what Tesla did, what Picasso did, and what most of the truly honored men and women in history--or living on Earth today-- did, have done, or are doing.

This understanding is **the secret**, *the primary thrust*, to *co-creating* your own sweet *Heaven on Earth*. With knowledge of who you are and where you came from--and your direct connection to all of the knowledge and power of All That Is-- there is nothing you cannot BE, DO or HAVE....

THE SECRET SCIENCE OF WHITE MAGIC

"... An even greater paradox: Both white magician and black magician use the exact same laws of nature to accomplish their objectives...but only up to a certain point. The reason is simple enough. Pure energy can be used for good or bad. It contains no black or white qualities within itself.... The time finally arrives when the white magician forges ahead--transcending 3-D laws, gaining wisdom and power--while the black magician is damned by his own nature to remain confined within the lower threefold spectrum of earthly existence. The white magician gains deep insight and mastery over the intuitive plane. Her or his power now becomes profoundly greater than the black magician's. The black sorcerer has severed himself from his soul and has no means whereby he can tap

energy higher than the lower mental plane. He remains limited to life and substance at *physical*, *emotional* and *lower mental* levels. These three planes of consciousness act literally as a confining barrier to the black magician. He must remain within this reduced spectrum of reference until *the form* of which he is a part--in this case our planet Earth--Ascends or disintegrates. At that time he is reduced back to primal *nothingness*... lost in the dark night of time...."

Chapter 3

The ASK And You Are Given Principle

Think this through. There would be no purpose in the One Creator Source to give you free will--to personally make co-creative choices--and then to stand back in judgment of what you created.....

You are an extension of that One Creator Source....would the One Creator Source judge itself? It is an outrage when a religion or a misinformed teacher of that religion asserts that Creator God stands in judgment of what you do. By Law Creator God never judges you and you are never to judge another God Creator fragment. Haven't we all been reminded of that over and over again?

You are a co-creator of whatever you desire to co-create on this Earth. There are no exceptions to this Law.

Thus, your job is very simple. You only need to ASK, which means you desire or want it. It means you yearn or long for something to BE, DO, or HAVE...and by Law, what you ASK for is granted at that very exact same instant.

Fortunately, a wise Creator God created a buffer between instant manifestation in our 3-D reality called TIME. Otherwise, like a child who does not know better, your childish rage against another would kill that person on the spot. TIME acts as a safety shield...and only those who understand the Law and utilize that understanding are able to have what may

be an instant manifestation, or unusually immediate manifestations of whatever they truly desire....

In short, for now you only need to understand--by Law--you always receive what you ASK for. If you do not SEE it manifesting before you, simply know it is being "held in eternal reserve" like money in a bank.... When you have released any opposing vibratory thoughts, feelings or beliefs--you hold in opposition to what you are asking for--your desire will manifest at a perfect time.

Chapter 4

There is More Than Enough For Everyone

Unfortunately due to a total imbalance of the possession and tyrannical control and use of the massive daily abundance Mother earth provides to humanity worldwide it appears that there is not enough for everyone. As a society, we have bought into the "struggle and work" ethic. We have intentionally been taught that we have to fight our neighbors or our brothers and sisters on Earth for the bare survival essentials of shelter, food, water and a surmised eager share of a much limited abundance available to each and all of us.

Fortunately, by Law, there is more than enough--of whatever--that can be manifested or co-creatively materialized on Earth available to each and all of us without exception.

Your job is to ASK for what you want or feel you need, without falsely thinking or feeling you can possibly deprive another by manifesting what you choose to co-create in your world, for your self and your family of loved ones. Know beyond a doubt that each and all of us can at will tap--or harness the power of the Universe--for whatever co-creative use we choose. It is impossible to deprive others...because you choose to materialize thousands, millions, or trillions of dollars or euros, etc. while others do not. The Law is that you choose what you choose and they choose what they choose. The choice of one cannot limit the choice of another. Is that understood?

The Law is clear and unyielding, there are no limits-- except your own imagination--to what you can desire to BE, DO or HAVE. Without exception, because of your own wise understanding-- or not understanding--the Law: *never fails*.

Life is not static. *What is now must and will change. No one is stuck forever in one spot...or at one level of existence. Wherever we abide, we get what we give, and we lose what we hold...without exception.*

There is no limit to what you can ASK for and no limit to what you can give. Hold that thought and plan to live by--and fruitfully through--that understanding....

Chapter 5

What Is the Law of Attraction

Think of the *Law of Attraction* as an all wise powerful personal Universal Genie. This highly sensitive Law is serving us personally--at each moment--and is at your and my instant command.

The Law of Attraction never makes a mistake. This then is why *there are no accidents*. When we understand and use this ever present--ever immutable Law of Creation--we cannot fail to draw what we desire to us.

The Law of Attraction *draws* what you focus your attention upon to you.

The Law of Attraction does not judge your motives it simply and accurately delivers a full measure of what you feed your attention upon....

The Law of Attraction never stops.

The Law of Attraction never fails.

I assure you--take or make the time to understand and use the revelatory info in the following chapter 6, of *Why the Law of Attraction Works*--and there is nothing you cannot be, do or have....

THE SECRET DOCTRINE OF THE ANCIENT MYSTERIES

"... Where have the secret doctrines of the ANCIENT MYSTERIES come from? Who formulated them, into this immutable, unchangeable set of laws governing every aspect of life in form? Countless human souls gave their entire lifetimes to a constant quest after truth! These persistent seekers became Adepts and Masters of Wisdom...as they relentlessly pursued, found, and utilized truth. These now consciously sacred Holy Men and Holy Women pioneered the *Science of Life* eons ago.

"... The ancient doctrines comprising the long held secret MYSTERIES were formulated far back in the distant night of time, long, long before our tiny planet Earth came into existence. The knowledge about these immovable laws of life and nature were handed up by spoken word from generation to generation--from planet to planet, from sun to sun--until all the Sons of the Suns of the Suns in the heavens--and sentient humanoids upon the countless planetary bodies like our earth--are today able to discover **the secret**...or He or She--in their midst--who *hold the keys to the Kingdom*....

Chapter 6

Why the Law of Attraction Works

The Law of Attraction is that aspect within all Creation that constantly seeks for a state of balance. Without it there would not be the perfect state of order observable in all Creation. Instead of orderly progression of Galactic, Solar, Planetary, Human or Cosmic events if the Law of Attraction was not always present and at work throughout all Creation--at all time--there would be a colossal state of chaos all around us. No Universe or life forms could continue to exist in such a chaotic state of imbalance.

This is why the Law of Attraction--working from the overview of all Creation--can be at work wherever needed at the exact right moment. Without this Law the expansion and extension of this Universe would not be possible. Creation and co-creation depends on the Law of Attraction to keep adding new dreams, for without dreams we perish....

We now come to a possible vital quantum jump in your understanding. The Universe we live in can only be added to. The Law of Attraction makes certain of this. Keep it simple and you will understand why it is so....

You always get what you give, or you become what you give your attention to is why the Law of Attraction works.

If you have a negative thought simply drop it and move on to a better feeling thought. You have a time

lag so your vibration is not going to drop down IF you make a switch to a higher vibratory feeling as soon as you recognize an unwanted thought and discard it. Thoughts come and go. No big deal...since the average person is estimated to have as many as 50,000 different thoughts in each 24-hour day....

What counts is what you hold or focus your thoughts upon. What you invite into your head and your heart is what you get in your personal world. Love breeds loving events in our lives. Fear breeds fearful things in our lives.

One final point, you cannot ignorantly be against--anti something--and thus get rid of it. When you focus on what you are against you give it more life and more power in your world. Your intent may be good, but your knowledge of how The Law of Attraction works is lacking....

When you instead focus wisely on what you desire, you give it life and more power and presence in your world. All wise mentors teach you to focus on the solution...not on the problem. They understand the Law, as now perhaps you do...you always receive more of what you keep your attention upon. Focus on poverty and lack of money to pay bills or to buy bare life survival needs and the Law of Attraction can only bring you more lack until you wake up and switch your focus to thoughts of abundance instead.

How The law of Attraction Works

Perhaps one of the finest ways to describe "how" the Law of Attraction works is presented by *God Creator Source* directly in one of the daily "Heavenletters"--daily communications that *God Creator's* steadfast scribe--*Glorida Wendroff*--has received every day for the past 2,170 + days...

Therefore, with her permission, I include this one in this booklet. I also faithfully include one of these terrific Heavenletters in my "*Michael Worldwide Newsletter*" that goes out to thousands of subscribers worldwide daily. After reading this one, you may wish to subscribe directly with Gloria to receive her daily Heavenletter, and if so--see the directions below of how you may do that...

HEAVEN #2361 The God Bank, 13 May 2007

God said:

It is like there is a God Bank. Everyone has an account in good standing. Actually, We could say that you have an x number of accounts, all good in the God Bank. We could say you have seven accounts. We could also say you have an infinite number. We could call these accounts levels of consciousness.

We could call them many things. Regardless, all you have to do is to walk in, and you will be greeted, and you will have easy access to your accounts. You will not have to register. You don't need a password. You will not even have to sign in. You will be greeted, and you will have a great smile on your face. No forms to fill out. No security to go through. Easy access. Open door policy. No revolving doors. No need to take a deep breath before you enter.

You may be timid about coming to the Great God Bank. You may think you are not stylishly dressed enough. You may think the marbled halls are for others but not for you. And, yet, you have been invited, beloveds. In fact, you are sent invitations daily, even oftener than that. You just aren't sure what you did with the invitation, or you forgot you had it, forgot to bring it and felt you'd better go back and get it, even though that's not necessary. Maybe you received your invitations and hadn't opened them yet. They're piled up on your desk or kitchen counter. And, oh, yes, you were busy with other things that pushed their way in.

Or perhaps you do recollect all the invitations, but you filed them. You want to do it right, perfectly, and you are waiting for a better time before you walk in. Perhaps you are waiting for a lightning bolt from the sky to come down and get you.

The God Bank is a come as you are affair. There is no distinction made at this bank. It is for all. It is a common bank for all. There is no check list of requirements. That's what you have to understand. There is nothing you have to wait for to gain entrance.

I have been waiting for you. Calmly, of course. I do not tap My foot nor look at My watch. I simply call to you to come join Me, to come and make yourself at home in the palace of My love. There is nothing to it, beloveds. Come now.

The God Bank is open around the clock. Of course, there is always the ATM, but I am speaking of courteous service at the God Bank proper. There are no lines to wait in, You are always first. Certainly, there is no last.

Beloveds, you are an owner of this bank. You have an unlimited credit card in your pocket, You are never charged interest. There are no fines, no penalties. There is free exchange here. Love is love, and it is for all. And there is no limit. There is no top, no cut off. Fresh love here. Fresh every day, and it never gets stale. It is all love for the asking. Come in. Reach your hands into the coffers and take all you want. Give to the poor, and there will be no poor. When all are rich, neither rich nor poor will be known. Only love will be known. Love is not a commodity at the God Bank. It is simply the medium of exchange. It is not printed nor minted. It is not rubber-stamped. It is all original, and it comes from the Source of Almighty Love.

END OF HEAVENLETTER

The beautiful metaphors expressed through *Gloria Wendroff* certainly express clearly how the Law of Attraction works. The Law of Attraction is like an ultra, all-knowing personal banker that knows exactly what you have deposited into your own unique bank account of life. The Law of Attraction stands ready--at any instant--to give you exactly what you ASK to be drawn from your limitless reservoir being held securely in your life bank. Now let's seek to understand more clearly when you receive what you withdraw from the infinite resources you have stored "in escrow" in your personal life bank.

Chapter 8

When The Law of Attraction Works

The Law of Attraction knows exactly what and when you are making any of your deposits or withdrawals from the infinite Universal Pool...or All That Is. You give an instant signal to the Law of Attraction to "go to work"--for you--the moment you place your personal attention upon any subject or object in Creation.

What you give your attention to becomes by Law your co-creative contribution to the extension and expansion of the Universe. Your active co-creation starts at the moment you give your precious personal attention to anything or to anyone.

When you think about anything your thought is like writing a check to deposit into your personal life bank. You are "buying" what you give your attention to. Fortunately, thanks to the time lag buffer you have free choice to change your thought and thus withdraw your attention from what you realize you do not want before it manifests.

These daily choices you make, moment to moment determines when the Law of Attraction goes to work to add or deduct to your account. It accepts and processes whatever checks--on whatever you wish to deposit or whatever you wish to withdraw--in that exact amount--in that precise moment when your attention is decisively added--or withdrawn--from any subject or object.

FINDING YOUR SOULMATE

"... **In this *end times* age** the conscious urge of soul-mates to yearn and search ceaselessly for their beloved counterparts grows daily. Memories from the ancient past return to hold their enticing image before us. Somewhere in the distant night of time, one special someone meant more to our soul than any other. This wondrous remembrance lifts our hearts and turns our minds' gaze toward this one brilliant star rising in the future heavens. Where, oh where, is our soul-mate!"

"...When you find that particular ideal who meets the high standards of your own soul, then you will find and know your own soul-mate. The two are one. Every soul-mate who comes into our life is there because he or she has responded to the timely invocation of our own soul. When we ask with firm conviction and unswerving faith, then we shall be given our desire. It is an occult law, that every invocation must be met by an evocation. Every time we lift our earthly matters up, we bring our spiritual substance into worldly being. The God within us becomes a living reality outside of us. Your ideal does exist! May he or she unfold rapidly within your present field of awareness ..."

Chapter 9

There is Nothing You Cannot BE, DO or HAVE

You must understand that literally nothing is impossible for you to **be, do** or **have**...as long as you keep moving and correcting your course toward the goal you desire.

You can be told by your doctors--or your health specialists--that you cannot live beyond a certain number of years, months--or even days--because of a deadly cancer or some other deadly condition. You can be flat broke and--to all outer appearances--you feel you can never find or know a joyful state of great abundance. You may have been lonely and without the comfort of someone to love...for years without end. Nevertheless only your own powerful inner goddess or god self being holds the keys to your destiny. You are not at the mercy of any outer world appearances or specialists with strings of degrees sounding a gloom and doom alarm.

Moment by moment, hour by hour, day by day, as long as you are alive and consciously aware of being embodied upon Earth you can change any seeming impossible situation to a personal triumph that no one can deny. I have done it, others have done it and you can do it...

There is nothing you cannot be, do or have. You can reverse the seeming most deadly illness. You can move out of abject poverty into a state of immense riches. You can attract a terrific special

lover, or a soulmate, even your Twin Ray if you choose.

Besides my best-seller, Finding Your Soulmate, still selling in 12 languages, I have written over 20 published self-help books and I invite you to obtain and read them all....I have received thousands of letters of gratitude. A few days ago I received this email from someone who obtained and read my 360 page *autobiography*. She had this to say....
